

Operating Theatre Verification

RJ URMSON COMMISSIONING ENGINEERS LTD IS AN INDEPENDENT OPERATING THEATRE VERIFICATION COMPANY, WITH OVER 27 YEARS EXPERIENCE

An annual operating theatre verification must be undertaken in accordance with HTM 03-01. The verification is a way of verifying the performance of an operating theatre, ensuring the system is functioning to an acceptable performance level and is fit for purpose.

Our verifications and tests are carried out in accordance with HTM 03-01. Our engineers are expertly trained to BTEC Level 3 / City & Guilds Authorised Person HVAC (HTM 03) and have vast experience in testing all different types of operating theatres including standard, vascular, orthopaedics, urology, ophthalmology, ENT, gynaecology, dental, plastic and cosmetic surgery.

“ Over 1600 theatres are verified annually by our engineers who are expertly trained to BTEC Level 3 / City and Guilds Authorised Person HVAC (HTM 03) levels. ”

Our collaborative and proactive approach drives efficiency, cost savings and offers our clients peace of mind. We are committed to continuous improvement, through innovation and investment in our personnel, methodologies and equipment.

We offer extremely competitive rates and daytime and evenings to offer minimal disturbance to our customers.
