Course content

- Effects of current on the body
- Electricity at Work Regulations 1989
- HTM 06-02 Low Voltage (LV) safety rules and procedures
- Authorised Person (AP) roles and responsibilities
- Competent Person (CP) roles and responsibilities
- The use of safety locks and caution signs
- GS38 test equipment
- Self-isolation of equipment
- Receipt of permit to work
- Working on or near live equipment

The course concludes with a multiple-choice question paper, and one to one assessment, with the result made available to the delegate's Authorised Person (AP).

Benefits of the course

- Legislative compliance and understanding
- Improved communication, documentation, and enforcement of safe working procedures in line with HTM 06-02

What do I need to bring to the course?

A comprehensive set of handouts will be issued during the course. It may be beneficial to bring a copy of HTM 06-02 handbook.

Duration of the course

This is a two-day course designed to be delivered virtually via Microsoft Teams with a maximum of eight delegates.
