

Lunch and Learn

Designing for dementia and care of older people

We invite you to join us to discuss elements of design and fit out that help enable people with age related sensory impairment and those with dementia.

Covering:

- Cognitive change and sensory decline
- Space and place, accessibility challenges
- Positive design features
- Case studies in hospital care spaces

Available online or in person by calling Andrea Harman on 07771 565 382
or emailing: Andrea.harman@ecophon.co.uk
