

Authorised Person Confined Spaces Refresher

📍 York, Slough and On-site | 3 Day | [View Latest Price & Availability](#)

Course Overview:

Where applicable this course follows the advice given in the Safe Work in Confined Spaces; Confined Spaces Regulations 1997, Approved Code of Practice, Regulations and Guidance L101, JSP375 Volume 3 Chapter 6 and Procedures for Confined Spaces.

Who Is This Course For:

This course is aimed at those who have previously been trained and appointed as an Authorised Person (Confined Spaces) and has or currently has responsibilities to implement, manage and control all aspects of confined space operations, ensuring that a safe system of work is in place prior to any confined space.

Key Learning Areas:

- The current health and safety legislation in respect to confined spaces
- Hazards and risks associated with confined spaces and implementation of appropriate control measures
- Categories of confined spaces, records and registers
- Safe systems of work associated with confined space entry and complete safety documentation including Permits to Work
- The minimum safety equipment requirements and procedures to be utilised for safe entry and egress
- The responsibilities for individuals within the work team, training and fitness requirements
- Activities are permitted

📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
