

Competent Person Electrical Low Voltage HTM 06-02

📍 York, Slough, Livingston and On-site | 2 Day | [View Latest Price & Availability](#)

Course Overview:

This City & Guilds Assured training course will enable you to gain the knowledge required to carry out the role of Competent Person (Electrical). It can also assist in demonstrating competence during the formal appointment process. The course meets the criteria contained in Appendix 7 of HTM 06-02. Please note we have the ability to offer this course on-site at client premises and on a bespoke basis.

Who Is This Course For:

This course is aimed at electrical staff with responsibility for the operation or maintenance of installed Low Voltage systems and who may be nominated as a Competent Person within their organisation.

Key Learning Areas:

- Technical overview of electrical systems and protection concepts
- Awareness of electrical dangers
- Requirements of Electricity at Work Regulations
- Safe working practices with electricity
- Low voltage working procedures for work on equipment made dead
- Receipt of permit to work
- Requirements for live testing and completion of self check form
- Testing of circuits prior to re-energisation
- The relevant content of HTM 06-02

📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
