

Legionella Management for Water Systems HTM 04-01 Remote

 Anywhere, via Zoom or Teams | 1 Day | [View Latest Price & Availability](#)

Course Overview:

By following this City & Guilds Assured course you will gain an understanding of the duties and responsibilities of the nominated Competent Responsible Person, within the Water Safety Group, for the supervision, effective implementation and management of legionella risk assessments, remedial work and management of water systems to comply with Health Technical Memorandum 04-01. We appreciate that our training staff are a vital component of the overall delegate learning experience. As such, all of our remote training courses are delivered live by one of our tutors through Microsoft Teams, or alternatively, Zoom.

Who Is This Course For:

For managers and staff who have responsibility within a healthcare environment to ensure adequate control measures are in place for the safe operation of hot and cold water systems.

Key Learning Areas:

- Legionellosis – background – medical aspects
- Legal implications
- ACOP L8 and guidance on the control of legionella in water systems
- HTM 04-01 – An insight into management requirements
- Water safety plan requirements
- Implementation of the written scheme
- Water sampling and necessary actions
- Ensuring competency of staff, consultants and contractors
- Water systems disinfection requirements
- Management of log book records
- Online course assessment

📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
