

## Water Hygiene Training For Hospital Maintenance Staff

📍 York, Slough, Livingston and On-site | 1 Day | [View Latest Price & Availability](#)

### Course Overview:

This City & Guilds Assured course is designed in accordance with the Health Technical Memorandum 04-01 Safe Water in Healthcare Premises (Part B Operational management) which states that adequate training in water hygiene should be provided for individuals (supervisors and managers, as well as operatives) who work on water distribution systems. We also offer this course as a online remote training course.

### Who Is This Course For:

This course is aimed at maintenance technician/managers who are working on hot and cold water systems and require the relevant information to mitigate the risk of cross-contamination and ensure compliance with HTM 04-01.

### Key Learning Areas:

- Organisational requirement in relation to water hygiene and safety
- Specific local control measures, policies and procedures
- Waterborne pathogens and their consequences
- How water systems, outlets, components and equipment can become contaminated
- Individual responsibilities in ensuring control measures are in place, effective and implemented
- Hygiene practices
- System design
- Disinfection and cleaning of fittings etc
- Storage of pipes, fittings and spare parts
- Course assessment

## 📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

## 📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

## 📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

## On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

## The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
