

### **Course Overview:**

On successful completion of this BPEC accredited course you will be able to apply to be an approved contractor for water regulation purposes. This means that you can self-certify your plumbing work and also work for housing associations and other various non-government bodies. You will also be able to join the WIAPS Approved Plumbers Scheme providing you hold other relevant certificates.

We also offer this course as a online remote training course.

### **Who Is This Course For:**

This course is aimed at practising plumbers working to water regulation requirements. It covers the knowledge required to be assessed on the BPEC Water Regulation certificate.

### **Key Learning Areas Covered in This Course:**

- Introduction, background and legislation to UK Water Regulations
- Materials and substances in contact with water
- Requirements for water fittings
- Water system design
- Installation commissioning
- Cross connections
- Back flow prevention
- Hot and cold water services
- WCs and urinals
- Sanitary appliances and water for outside use

### **Course Duration / Fees / Location:**

1 day training course, £275+VAT per delegate. Available in York, Slough and On-site. Accommodation from £98+VAT (including DBB).
