

## **IHEEM Authorising Engineer (Decontamination)**

### **Competency Framework**

#### **Process**

Thank you for your recent enquiry regarding the AE(D) programme. As a starting point please find detailed below further information and the application process for the AE(D) programme.

To be considered for the framework you must first complete the attached 'AED Application Form' using the 'Competency Framework: Overview' to assist. Please note if the application is employer funded your manager must also sign the application form.

The completed application form is then returned to Eastwood Park email address [maria.filer@eastwoodpark.co.uk](mailto:maria.filer@eastwoodpark.co.uk) for processing. This will then be passed to IHEEM, who will determine your suitability for the competency framework. On acceptance IHEEM inform Eastwood Park who will then meet with you and to discuss a start timescale, review the requirements of the framework and how it is assessed, etc.

For further details regarding the programme please click on the link below which will take you to the appropriate page on our website. The price for the programme is £5895.00 + vat.

[Expert training delivered since 1969 | Our courses | Course categories | Decontamination | Authorising Engineering \(decontamination\) Competency Framework | Website](#)

As part of the programme, you would attend the Essentials for Authorising Engineers (AEF) course. The course cost is included in the programme fee, accommodation costs are extra.
