

Meet our Training Team

Steve Mount

**BSc(hons) CBiol MRSB FIHEEM MWMSoc
IHEEM Registered Authorising Engineer (Water)**

Steve provides training, consultancy advice and risk assessment to healthcare organisations. He is a fellow of IHEEM, a Clinical and Professional Advisor for the CQC and one of the ten IHEEM Registered Authorising Engineers AE(Water) in the UK.

Steve set up Immerse Training Ltd www.immersetraining.org and regularly delivers City & Guilds accredited training to healthcare organisations with the emphasis on Legionella awareness and compliance.

Mervyn Phipps

**MBA I.Eng FIHEEM MCMi MWMSoc MRSPH
IHEEM Registered Authorising Engineer (Water)**

Mervyn has nearly 30 years' experience in all aspects of water safety and hygiene in the healthcare sector. Having 'retired' from the NHS he has been commissioned by private and NHS organisations to provide expert consultancy services as an Authorised Engineer (Water) along with other services and bespoke training. He is current chair of the IHEEM Water Technical Platform and is involved in the development of BS 8580 -2.

Paul Nolan

**FIPlantE FSOE FIHEEM
IHEEM Registered Authorising Engineer (Water)**

Paul provides independent and impartial advice on water hygiene management advising on the legal drivers for L8 compliance and is a qualified BS OSHAS 18001 Lead Auditor and European guest speaker.

He is acting AE (water) for many large NHS Trusts and Universities across the UK and was the water hygiene Authorising Engineer for the Athletes Village during the London Olympic Games 2012.

David Harper

**Eng. Tech, FIHEEM, FWM Soc, MCIPHE, MIIE, MASEE, MIET,
Hon Fellow SopHE(CIBSE), IHEEM Registered Authorising Engineer (Water)**

David is a world-renowned authority on Legionnaires' disease and other waterborne diseases.

His knowledge and expertise is always in demand, providing advice and guidance to governments and public health investigators globally.
