

# THE BEST ROUTE TO COMPLIANCE FOR YOUR EMERGENCY LIGHTING

## Our flexible training module on emergency light testing includes

- A complete overview of BS 5266-1:2016
- How to comply
- How to be proactive
- Emerging technologies

We can deliver the CPD in a variety of ways to suit you. We offer sessions remotely via Zoom, in-person at our Newcastle upon Tyne training centre, or at your premises – over a working lunch or in more extended form with in-depth explanations and time for questions and answers.

Please get in touch to find out more/discuss your needs.
