

# IHEEM 2023

**AUTHORISING ENGINEERS  
CONFERENCE 2023**

**EPSOM DOWNS RACECOURSE, SURREY  
TUESDAY 11th JULY**

## ‘Delivering the Standard’

Following on from the highly successful Authorising Engineers conference in 2022, ‘Making the Standard’, we are back ‘Delivering the Standard’ sponsored by Air Sentry. Over 2022 we saw the introduction of new terms of reference for our Technical Platforms and to our Authorising Engineers application and registration process strengthening our governance and bringing independence into the process.

### Target Audience

If you come from any of the below roles this conference is a must for you:

- *Authorising Engineers*
- *Authorised and Competent Persons*
- *NHS Tradespeople*
- *Apprentices*
- *Compliance officers and those responsible for reporting on the governance of the estates and facilities functions*

### Continued Professional Development (CPD).

We will be taking a look at what constitutes quality CPD, why it is important. The session will look at the requirements of assessors from the perspectives of:

- *The Engineering Council in respect to professional registration*
- *IHEEM Authorising Engineers registration*

We will also take the opportunity to view the MYIHEEM CPD application in particular the new functionality for recording mentoring under the soon to be released IHEEM mentoring and coaching programme.

### The work of the Decontamination Registration Board

Understand how the AE(D) Board are operating and what they are doing to professionalise and improve the skills of Authorised and Competent Persons within the profession. Looking at training leading to AP/CP registration.

### IHEEM Estates Compliance & Governance – Moving to Digital

The requirement for healthcare organisations to ensure robust governance systems are in place has never been more critical. Compliant estates & facilities services and functions are expected as a legal requirement of the NHS Constitution to ensure that the estate is clean, safe, and efficient to support the delivery of high-class patient services.

This session will highlight the partnership work by IHEEM and QuiqSolutions to provide a one-stop digital governance solution for the operational and strategic management of healthcare estate premises and services.

We will be looking at :

- *An integrated digital solution for Premises Assurance Model (PAM) reporting.*
- *Paper to Digital – The development of IHEEM standalone Authorised Engineers applications to support Independent AE audits and client continuous assessments for all specialist services.*
- *Feedback from a number of IHEEM TP pilot programmes*
