

## Fire Safety Responsible Person Introduction – Healthcare Premises

📍 York, Slough and Livingston | 1 Day | [View Latest Price & Availability](#)

### Course Overview:

This City & Guilds Assured course provides you with the basic understanding of what is required to manage fire safety in the healthcare environment, to then enable compliance under the Regulatory Reform (Fire Safety) Order 2005, the Health and Safety at Work Act and HTM 05-01 Managing healthcare fire safety. Upon completion, you will be issued with a City & Guilds Assured certificate of achievement.

### Who Is This Course For:

This course has been designed for healthcare/estates officers and other personnel with a fire safety responsibility, who require a detailed level of understanding to ensure you have the competence to manage fire safety in the healthcare environment.

### Key Learning Areas:

- Understanding fire safety legislation and the requirements of the RRO 2005 and HTM 05-01
- Understanding the fire safety management structure within the healthcare environment
- Identifying major fire hazards and their control through routine inspections and assessments
- Identify any fire safety management deficiencies
- Review of fire risk assessments
- Maintenance of fire records, documentation and the fire emergency plan
- Management of fire emergency plans

## 📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

## 📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

## 📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

## On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

## The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
