

## Fire Stopping Survey and Inspection

📍 York and Slough | 1 Day | [View Latest Price & Availability](#)

### Course Overview:

This City & Guilds Assured course intends to 'up-skill' those working with the fabric of the building. This will give knowledge and understanding in relation to the checking of fire stopping and compartmentation arrangements with respect of fire safety. This is in accordance with the requirements of the Regulatory Reform (Fire Safety) Order, HTM 05-02/3 and the respective fire safety protocol. Upon completion, you will be issued with a City & Guilds Assured certificate of achievement.

### Who Is This Course For:

This course has been designed for healthcare/estates engineers and other personnel. The delegate will gain sufficient knowledge to ensure compartmentation and structural fire safety is not compromised during and after work has been carried out, therefore maintaining compliance with all regulatory and guidance requirements.

### Key Learning Areas:

- Legal requirements for fire stopping and compartmentation
- Identify how fire compartmentation is established within buildings
- Installation requirements of penetration sealing systems
- Typical types of penetration and their respective fire stopping arrangements
- Fire stopping performance and typical defects
- Typical installation and maintenance requirements of fire stopping systems.
- Cavity barriers, fire curtains and smoke barriers

## 📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

## 📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

## 📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems

## On-Site and Remote Training Options

We recognise some of the commercial restraints which surround sending multiple members of a team on to training courses. There are also the financial implications of accommodation, travel and time away from site.

Some of the key benefits of on-site training include; Reduced down time, Dates to suit your team and Cost effective team training

Some of the key benefits of remote training include; Live tutor-led courses, Cost effective delivery and Reduced down time

## The Importance of Practical Training

Our practical facilities showcase industry standard installations, enabling delegates to gain hands-on experience in a variety of settings, designed to mimic those found across the healthcare estate.

By attending either of our AP or CP courses, you will gain transferable skills and knowledge to be able to carry out your duties in-line with HTM Guidance and enable you to react effectively to emergency situations, should they arise.
