

Lift Safety Training Authorised person lift management refresher (HTM 08-02)

Eastwood Park delivers lift training for the healthcare & commercial sectors in our specialist facility with access to our 3-storey lift maintenance tower for practical, fault-finding exercises without the worry of time pressure or disruption to business.

Is this course for you?

This course is for Authorised Persons (Lifts) working in the healthcare environment who require refresher training.

Attendance on this course is subject to the successful completion of a pre-assessment.

Course aim

To refresh learners' knowledge and understanding of the current legislation, regulations, roles and responsibilities and who should undertake these. In addition, the course covers the inspections and examinations required for lifts. This includes the safety examinations required of electrical and mechanical items.

How often should I complete this refresher training?

We suggest that refresher training for Authorised Persons (Lifts) should be carried out every 3 years. You should previously have completed a full course Authorised Person (Lifts) course.

Objectives

- Apply safe working practices and procedures in a lift environment to the current legislative standards and guidance
- Discuss the safety, legal and regulatory documentation relevant to lift installations
- Identify and control the safety hazards encountered in the lift installation according to current regulations
- Define the roles and responsibilities and the healthcare requirements in accordance with HTM 08-02
- Define the term competent person in accordance with LOLER
- Carry out a lift inspection on a lift installation
- Complete a written assessment to the required course standard
- Explain the thorough examination/inspection on a lift installation in accordance with LOLER
- Additional Information

This 3-day refresher course will include classroom learning, practical sessions and group discussions. Due to the practical nature of the course, learners should bring a pair of overalls.

50+ years of world-class training
