

Ventilation Awareness HTM 03-01

📍 York and Slough | 2 Day | [View Latest Price & Availability](#)

Course Overview:

This Ventilation Awareness course is designed for those attending Ventilation Safety Groups in NHS & Private settings who need an understanding of the most up-to-date HTM 03-01 issued in 2021 and how Ventilations systems operate.

Who Is This Course For:

Aimed at individuals who are required to attend Ventilation Safety Groups for their NHS Trust including IPC, Clinicians, finance department, Capital department and Estates Department. This course will give you a good understanding of HTM 03-01 and how ventilation systems operate in our NHS Hospitals & Private sectors across the UK and overseas.

Key Learning Areas:

- The Major changes in the New HTM 03-01 issued in 2021 the criteria for determining the appropriate ventilation rates
- List statutory comfort standards, requirements and sources of Department of Health, Industry guidance and compliance with regards to HTM 03-01
- State types & purposes of ventilation systems LEVs, Split Systems, Air Handling units, advantages, disadvantages, principal components and Inspections of standard and critical systems

📍 York Campus

Our head office is conveniently based at York Business Park on the outskirts of York city centre. This well-established training centre accommodates a number of practical assessment areas for a highly interactive and participative training experience, alongside large comfortable classrooms with amenities such as complimentary WiFi, and refreshments.

📍 Slough Campus

Our Slough centres are ideally situated on the Slough Trading Estate, with central London and Heathrow both less than 20 minutes away. The Malton Avenue centre covers 15,000 square feet and boasts over 7,000 square feet of practical assessment training space. As with our York centre, we provide large comfortable classrooms with amenities such as complimentary WiFi and refreshments.

📍 Livingston Campus

5 Deer Park Avenue, part of the Fairways Business Park was established as our Scottish training centre in 2022. This easily accessible centre (just off the M8) services our connections north of the border, as well as those in the north of England. It houses 4 newly refurbished classrooms, as well as practical training facilities for F-Gas handling, Low Voltage and Mechanical and Pressure Systems
