**13-14 October 2026
Manchester Central**

Invitation from the CEO

It is my pleasure to invite you to Healthcare Estates 2026, taking place in Manchester over the days 13-14 October this year.

The NHS estate stands at a crossroads. While significant investment is creating new, digitally enabled healthcare facilities, many continue to deliver vital services from ageing infrastructure. Against this backdrop, Healthcare Estates comes at a pivotal moment for our sector.

This growing divide has inspired our 2026 Conference theme:
"Mind the Gap: Are We Heading Towards a Two-Tier Estate?"

Healthcare Estates has always been a platform for bringing people together to explore the challenges and opportunities facing healthcare environments. This year's event provides an opportunity to examine the realities of the gap emerging across the NHS estate and, more importantly, to share ideas, experience, and practical solutions that can help bridge it.

As the UK's leading event for healthcare estates and facilities professionals, Healthcare Estates is where our community comes together to hear from those shaping policy, strategy, and innovation, while learning from the experiences of those delivering projects and services on the ground.

More than a conference and exhibition, it is a forum for shared learning, where lessons are exchanged, best practice is explored, and collective expertise contributes to shaping the future of healthcare infrastructure.

Your knowledge, expertise, and perspective are an important part of that debate, and I warmly invite you to join us in Manchester this October.

Pete Sellars, CEO, IHEEM

Share challenges, find solutions, work together.

Healthcare Estates creates the time and space for estates and facilities professionals to come together, exchange knowledge, and drive progress collectively. Because the value of our event lies in the shared insight of everyone who takes part.

Gather together with professionals from across the NHS and wider community, each bringing different perspectives and experiences to shared challenges.

Valuable conversations spark spontaneously, often by a simple introduction or comment creating opportunity to compare practice, challenge assumptions and move forward together.

Take home real-world experience

Available exclusively to attendees on Day 2 of Healthcare Estates, ***Estates and Engineering Essentials*** is a collection of papers, insights, and perspectives inspired by this year's theme, *"Mind the Gap."*

Comprised of papers written by Conference speakers and professionals working at the forefront of delivering patient care, this publication explores the challenges, opportunities, and practical solutions shaping the sector today.

Estates and Engineering Essentials is designed to support learning, discussion, and ongoing professional development long after the event has ended.

Collect your free copy at the event

Mind the Gap: Are We Heading for a Two-Tier Estate?

Designed to reflect the realities facing NHS establishments today, the Conference is a platform to explore in-depth the critical issues facing our collective healthcare engineering and estates profession, while shaping the future of a digitalised, sustainable patient-centred health system.

Book your Conference Pass
www.healthcare-estates.com

2027 Special Offer:
Everyone attending the 'Where Next?' session this year will receive a voucher for a free conference pass for 2027.

16.00, 22 October

Where Next? Closing the Gap Together

The essential Healthcare Estates 2026 session

— open to all attendees

Don't leave before the conversation comes together and we reach valuable conclusions.

Join us in this interactive session for a lively, practical and forward-looking debate bringing together the key lessons, themes and priorities from across the two-day event.

Centred on this year's theme, Mind the Gap, leading voices from across the profession - including key contributors from NHS England - will reflect on what has been learned and what needs to happen next to support project continuity, sustainability, workforce resilience, innovation and higher standards across the healthcare estate.

Enjoy food, drinks and valuable networking as we close the event on a high - leaving you refreshed, refuelled and fully informed.

**Refreshed,
refuelled, and
fully informed.**

Conference Programme

Built around the theme of “**Mind the Gap**” the Conference examines the growing divide between new-build and legacy estates, digital maturity, investment, and operational delivery bringing together diverse perspectives from across the sector to identify opportunities for collective progress.

Exclusive for Conference Pass holders (see back cover for benefits).

08.45 – 18.00 Exhibition Opening hours

Network with 200+ companies and professional associations showcasing the products...

11.00 Bridging the Gap with Digital Technology and Intelligent Hospitals
Sarah Thomas, *Director, Digital Data Technology and Equipping*; **Eamonn Gorman**, *Digital Transformation and Clinical Informatics, The New Hospital Programme, NHS England*

11.30 IHEEM Equality, Diversity and Inclusion Platform

15.00 NHS England – From Analogue to Digital: Advancing Estates Digital Maturity Across the NHS
Kay Mulcahy, *Associate Director of National Estates Operations, NHS England*

15.30 IHEEM Sustainability Platform

11.00 IHEEM Strategic Estates Management Advisory Platform

11.30 IHEEM Health and Safety Advisory Platform

15.00 Two Estates, One NHS: The MEP Infrastructure Gap We Can't Ignore
Paul Rodgers, *Technical Governance and Development Director, IHEEM, CIBSE*; **Rick Seymour**, *Director, AE Services and Training, ETA Projects*

15.30 Tackling the Maintenance Backlog: A New National Approach for a Safer, More Resilient Healthcare Estate
Terry Stocks, *Director and UK and Ireland Strategic Programmes Director, Atkins Réalis*; **Matthew Warchorn**, *Head, Better Buildings, Office of Government Property Programme, Cabinet Office*

11.00 Designing and Delivering a Project to One of England's Most Remote Communities
Thomas Lilleyman, *Associate Director Estates & Facilities, Cornwall Partnership NHS Foundation Trust*; **Ken Jones**, *Project Director, Community 1st Cornwall*

11.15 Estates and Facilities Cost Improvement Programmes and Financial Recovery at System Level
Mathew Chetwynd, *ICS Director of Estates, NHS Devon ICB and NHS Cornwall and the Isles of Scilly ICB*

11.30 A Project of a Lifetime: Integrated Neighbourhood Care in Practice on the Isles of Scilly
Anita Cornelius, *Director - Adult Community Services, LD & AIST, Cornwall Partnership NHS Foundation Trust*; **Ken Jones**, *General Manager, Community 1st Cornwall*

15.00 The Truth About SEPs: Breaking Myths and Building Stronger Estates Teams
Peter Baker, *Commercial & Enterprise Director, University Hospitals Southampton NHS Foundation Trust*; **Leighton Chumbley**, *Chief Executive, Prime plc*; **Jon Webb**, *Investment Director, Tilbury Douglas*; **Andrew Jowett**, *Strategic Director, Tilbury Douglas*; **Rosemary Jago**, *Head of Projects, Bevan Brittan LLP*; **Jane O'Leary**, *Sector Director - Devolved Government, Tilbury Douglas*

15.30 Neighbourhood Health Centres: New Vision, Old Buildings – Can the Gap Be Bridged?
Abz Randerá, *Director, ONE Creative Environments*

11.00 NHS England - HTM 02.01 Medical Gas HTM Updates
Simon Picking, *Head of Hard FM, NHS England*

11.30 IHEEM Medical Engineering Technical Platform: The Importance of Authorising Engineer Assurance for Medical Engineering Safety and Compliance
Allan Spraggon, **Wayne Carr**, **Caroline Finlay**, *IHEEM*

15.00 IHEEM Ventilation Technical Platform

15.30 Closing the Gap: Integrated Decarbonisation, Regulatory Compliance, and Lifecycle Optimisation to Prevent a Two-tiered Healthcare Estate
James Bate, *Principal Sustainability Consultant*; **Ben Learoyd**, *Sustainability Consultant, Turner & Townsend*

11.00 Harnessing PropTech to Optimise the NHS Estate
Christopher King, *Head of NHS Open Space, NHS Property Services Ltd*

11.30 Planning for Health: The Evolving Role of Integrated Care Boards in Shaping Sustainable Places and Securing Developer Contributions
Jeffrey Ng, *Primary Care Lead - Estates, NHS Buckinghamshire, Oxfordshire, and Berkshire West Integrated Care Board*

15.00 IHEEM Electrical Technical Platform

15.30 IHEEM Fire Safety Technical Platform

Coming Soon: Keynote Announcements

The Keynote programme in the main exhibition arena is open for all attendees. It is free of charge to attend and join the debate.

IHEEM is currently finalising the lineup to bring you the most authoritative, up to date and relevant speakers to address the key issues of the moment.

Look out for further communications in the coming weeks by visiting www.healthcare-estates.com.

Networking Reception

Reflect on key insights at the end of day 1 and connect with fellow attendees. Join us at 17.30 for drinks and snacks in the main networking area at the heart of the Exhibition.

Workshops

Attending the Conference Workshops require pre-booking. A booking link is provided to registered Conference pass attendees closer to the event.

13 October 2026

10.30 - 11.00 Levelling up Legacy Estates: A Practical Roadmap for Bridging The Digital Two-Tier Divide
Will Broadbent, *Commercial Director, The Wandsworth Group*; **Alexis Carlyon**, *Programme Manager, Women and Children's Hospital, Royal Cornwall Hospitals NHS Trust*

Exclusively part of the Conference

11.00 - 11.55 Beyond the Scorecard: Turning Social Value into Real Impact
Steven Heape, *The Carbon and Energy Fund*

Exclusively part of the Conference

15.00 - 16.00 Integrating Sustainability in Strategic Estates Planning
Suzanne MacCormick, *Chair, Strategic Estates Management Advisory Platform*; **Clive Nattrass**, *NHPower*

Exclusively part of the Conference

Helpline: 01892 779996

Spanning strategic, operational, and technical topics, the Conference offers a valuable opportunity to learn from real-world experience, exchange ideas, benchmark approaches, and discover practical strategies that support the delivery of safe, sustainable, resilient, and future-ready healthcare environments.

...equipment and expertise to create high-quality, patient-centred environments.

11.00 Mind the Digital Gap: Case Studies From Embedding AI Across NHS Estates
Dr Carl-Magnus von Behr, Director, CompliMind Ltd.

11.30 The Digital Estates Dichotomy
Nico Lomas, Associate
Kevin Sureshkumar, Technical Director, Digital Advisory and Transformation, WSP

15.00 From Gap to Impact: How Collaboration and Digital Systems Improve Patient Safety
Grace Murray, Digital Midwife, South Tees Hospitals NHS Foundation Trust; **Tammy Marsh**, Medical Device Governance & Training Manager, Royal Oldham Hospital

15.30 2-Tier IT Versus Electrical Infrastructure Resilience Between NHS Estates & Private Sector
Eugene Conroy, Director, IHEEM (Fellow) MIET

11.00 Unlocking Community Healthcare: Evidence-Based Insights from the 'Impact of Healthcare in the Community' Report
Terry Stocks, Director, AtkinsRéalis; **Michael Wood**, Head of Economic Partnerships, NHS Confederation

11.30 NHS England - Update on NHCs and Supporting the Left Shift
Matt Ward, Associate Director of National Estates Strategy and Planning, NHS England

15.00 An Update on Technical Guidance Including Neighbourhood Health Centres and the Design Guide
Michal Rope, Head of Technical Guidance, NHS England

15.30 IHEEM Decontamination Technical Platform

11.00 Hospital 2.0 and the NHS Future Workforce
Eamonn Sullivan, National Clinical Director; **Elaine Turner-Lyn**, Deputy Director of Workforce; **Gemma Davies**, Director of Workforce and Capability The New Hospital Programme, NHS England

11.30 IHEEM Water Technical Platform

15.00 Beyond the Business Case: Hidden Lessons from an NHS Transformation Programme
Scot Lippett, **Richard Callaghan**, Senior Capital Project & Programme Manager; **Steve Killen**, Transformation Director, University Hospitals Dorset NHS Foundation Trust

15.30 The End of LIFT - What's Next For Our LIFT Buildings?
Andy Muir, Strategic Project & End of Term Lead, Sewell Advisory

11.00 IHEEM LIFT Technical Platform

11.30 Playing with Fire: The Importance of Retrospective Fire Strategies for Existing Healthcare Buildings
Oliver Brooke, Principal Fire Engineer - Healthcare, PartB Group

15.00 How A Community Integrator Is Transforming Legacy Estate Into A Modern Health Campus And Moving Care Into The Community
Rebecca Bourton, Strategy Delivery Lead, University Hospitals Coventry & Warwickshire (UHCW) NHS Trust; **Samantha McCumiskey**, Managing Director, gbpartnerships consult; **Guy Carson**, Strategic Productivity Lead, Community Health Partnerships

15.30 Assessing the Placement of Air Cleaners in a Multi-zone Hospital Ward to Reduce Infection Risk Using CONTAM Modelling
Anushi Khandare, PhD Student, University of Leeds; **Andrew Carnegie**, Managing Director, Air Sentry Limited

11.00 IHEEM Medical Gas Pipeline Technical Platform

11.30 Mind the Gap: Why Ownership Matters in Preventing a Two-tier NHS Estate, Lessons From the PS Transfer
Jamie Mitchell, Deputy Director – Estates and Facilities Community and Primary Care, Northumbria Healthcare Facilities Management; **Christopher Roe**, Associate Director, Turner & Townsend

15.00 Mind the Gap... in Skills: Closing the NHS Estates Divide
Terence Close, Divisional Estates Manager - Operations; **Victoria McKee**, Divisional Estates Manager - Energy, Risk & Environment, Belfast Health & Social Care Trust

15.30 (Scottish) Health Technical Memorandum 04-01: Update Domestic Water and Above Ground Drainage
Richard Beattie, Principal Engineering Manager, NHS Scotland Assure; **Simon Picking**, Head of Hard FM / Engineering, NHS England

14 October 2026

11.00 - 11.55 Multi Stakeholder Projects, - Delivering Community-Wide Decarbonisation
Clive Natrass, CEO, NHPower

Exclusively part of the Conference

13.00 - 13.55 NHS Estates Graduate Engineers: A Year of Impact, Insight and Innovation
Moen Charharsoughi, Moorfields Eye Hospital; **Mohammed Haji**, Northern Care Alliance NHS FT

Exclusively part of the Conference

15.00 - 15.55 Meet the Specialists
Carbon and Energy Fund

Exclusively part of the Conference

Essential Keynote @ 16.00

A compelling overview and essential session featuring learnings taken from the 2-day programme.

All attendees can also enjoy food, drinks and valuable networking as we conclude the event on a high - leaving you refreshed, refuelled and fully informed.

Your CPD

Content designed to give you the knowledge and skills to maintain and enhance your professional growth.

Programme subject to change. Check the website for the most up-to-date listings.

The Exhibition

Discover the specialist suppliers and solutions to help you meet the current and future challenges of planned and reactive maintenance, design, safety and digitisation.

200+ companies and professional associations showcasing the products, equipment and expertise to create high-quality, patient-centred environments.

Planning, design and construction

New build or refurb, permanent or temporary, whatever type of build projects you are planning or managing, you'll find solutions at Healthcare Estates. From modular surgery suites and plug-and-play bathroom pods, to architectural and design services that deliver sustainability and social value, this is the place to connect with the companies who can support you to meet standards, cut carbon, and slash programme times.

Energy and sustainability

From tools that track and visualise your hospital's carbon emissions, to Battery Energy Storage Systems, to connected switchgear that maps every watt in real time, Healthcare Estates connects you with the modern smart grid technologies to achieve EPC savings and hit your net-zero targets.

Facilities management

Cleaner sites. Lighter workloads. A data trail for every asset. At Healthcare Estates you will discover the latest innovations for the effective management of your estate, and meet the specialist partners who can help you implement them.

HVAC and engineering services

Solutions for safer air, quieter plant and predictive maintenance are here at Healthcare Estates. From next-generation products, to a comprehensive range of advisory and compliance services, here you will find what you need to improve patient care and reduce operational costs.

Software, data and smart tech

Find new partners with the innovative data technologies to streamline decision-making and boost operational efficiency. From platforms for real-time visualisations of your building's performance, to software for scenario-planning and managing your returns, Healthcare Estates is the place to unleash the power of digital tools and data insights across your organisation's estate.

Water management and infection control

You need to deliver safer water, longer plant life and verified compliance. A visit to Healthcare Estates can help, by connecting you with suppliers for everything from magnetic filtration to protect heat exchangers from sludge, to splash-reducing sanitaryware which curbs the spread of bacteria and viruses into the air.

Exhibition Seminar Programme

13 October 2026

Book your Exhibition pass at www.healthcare-estates.com

08.45 – 18.00 Exhibition Opening hours

Network with 200+ companies and professional associations showcasing the products...

09.15 – 10.30 KEYNOTE SESSION

Energy & Sustainability

10.30 Backlog to Net Zero: Preparing NHS Estates for Change

Andy Yates, *Head of Project Delivery, The Carbon and Energy Fund*; **Rob Hilliard**, *Principal Development Engineer, Vital Energi*

11.00 Realising Decarbonisation in PFI Estates
Will Fairclough, *Project Manager, The Carbon and Energy Fund*; **Ellen Goodwin**, *Sustainability Manager, Norfolk and Norwich University Hospitals*; **Chris Aldred**, *Strategic Project Director, Johnson Controls*

11.30 Salix – Latest Project Update and Feedback
Ian Rodgers, *Director of Public Sector Decarbonisation*

13.00 Deep Geothermal Heating at the Countess of Chester Hospital
Dominic Clarke, *Project Manager, The Carbon and Energy Fund*; **Jon Runniff**, *Account Development Director, Vital Energi*

13.30 Dynamic Procurement – Poole and Bournemouth Trail Blazer
George Atkinson, *Associate Director of Estates, University Hospitals Dorset*

15.00 Royal Cornwall – Approaches and Challenges of District Heating
Brian Johnson, *Director of Estates & Facilities, University Hospitals Dorset*

15.30 Decarbonising NHS Estates With District Heating
Rhea Marsden, *Head of Connections, Hemiko*

16.00 Using Sleeved PV to Deliver Heat Decarbonisation
Mark Moore, *Senior Key Account Manager, Electricity NorthWest*

Engineering for Resilience

10.30 Upgrading Legacy AHUs for Digitally Enabled Healthcare Estates
Matthew Allan, *Regional Sales Engineer, VES*

11.00 The Hidden Digital Divide in Boiler Houses: Workforce Capability, Alarms, Controls & Monitoring
Sally O'Connell, *UK Steam Technology Centre Manager, Spirax Sarco*

11.30 Bridging the Gap for Legacy Hospitals - Overcoming Barriers to HTM-Compliant Air Handling Modernisation
Dr John Tynan, *Research Director, Akvris*

13.00 Steam System Reliability Through Digital Innovation
Thomas Bosweel, *Global Product Manager, Spirax Sarco*

13.30 Inspection and Testing of Equipotential Bonding Busbars (EBB) in Compliance with BS76712018:Amendment 4 2026 and HTM 06-01
Matthew Gilmore, *Guardian Electrical Compliance*

15.00 Electrical Fault Level in Healthcare Premises
Bill Reeves, *Authorising Engineer, Eta Projects*

15.30 Reimagine Hospital Gas Management
Gareth Pemberton, *Director of Innovation, GCE Group*

16.00 Why Retrofit Tools Fall Short in NHS Hospitals: Rethinking Decision Support for Complex Estates
Monty Jackson, *PhD Researcher, University of Cambridge*

Water Safety & Infection Control

10.30 Nontuberculous Mycobacteria (NTMs) for the Non-Microbiologist
Anthea Davies, *Chair, Water Management Society*

11.00 Key Measures to Control the Rise of Multidrug-resistant Gram-negative Bacteria (MDR-GNB)
James Soothill, *Consultant Microbiologist, Great Ormond Street Hospital, Mueller Europe*

11.30 Monochloramine
Hari Singh, *Business Development Manager, Goodwater*

13.00 TBC
Rob Nicoll, *HSL Compliance*

13.30 Microbiological and Analytical Chemistry Laboratory Testing in Healthcare
Cheshire Scientific

15.00 Why Water Safety Design Reviews are Critical for Healthcare Projects – Today's Build Can Be Tomorrow's Water Safety Issue
Daniel Pitcher, *Authorising Engineer, Water Hygiene Centre*

15.30 Increasing Compliance and Safety with Remote Water Monitoring
Jonathan Waggot, *Business Development Manager, Thomas Dudley - Angel Guard*

16.00 POU Filters
Tom Makin, *Consultant, T-Safe*

Smart Hospitals & Digital Innovation

10.30 Avoiding the Two-Tier Estate: Integrating NHP Digital Standards Into Legacy Wards
Will Broadbent, *Commercial Director The Wandsworth Group*; **Alexis Carylon**, *Programme Manager, Women and Children's Hospital, Royal Cornwall Hospitals NHS Trust*

11.00 Enhancing Operating Theatre Resilience Through Integrated Environmental Sensors in Surgical Lighting
Richard McAuley, *National Specification Manager, Brandon Medical*

11.30 Mind the Gap: Bridging the Divide Between New-Build and Legacy Healthcare Estates
Vicki Reynolds, *One Creative Environments Ltd*

13.00 Digital Maturity Across the NHS Estate: Bridging Old and New
Peter Harris, *Micad by SINGU*

13.30 Digital Innovation in Contractor Compliance Across NHS Estates
Dale Robinson, *Customer Service Manager, Reset Compliance Systems Limited*

15.00 The Case for NHS Owned Data Centres
Christian Goldsmith, *Data Centre Global Solutions Lead, Arcadis*

15.30 It's Not Only New Hospitals That Can Be Smart
Ian Johnson, *Product Owner, Micad by SINGU*

16.00 Smart Vertical Mobility within the Healthcare Sectors: Using Real-Time, Proactive, and Predictive Data to Improve Safety, Reliability, and Passenger Experience
Adrian Mace, *Director of Technology*; **Darren Fahy**, *Technical Architect & Cyber Security Officer, Thames Valley Control Ltd*

Performance & Compliance

10.30 Embedding Trauma-Informed Design at the University of Salford's Thrive Health and Wellbeing Building
Paul Marsh, *Pre-Construction Manager, Kier Construction Limited*; **Stefan Harris**, *Associate, AHR*

11.00 Mossley Hill – Mersey Care's Latest Innovative Mental Health Hospital
Robin Graham, *Director, Gilling Dod Architects*

11.30 Form Drives Function? REVA Helps Trusts Appraise the Viability of Converting Existing Building Stock Into Clinical Use
Matthew Palmer, *Director - Structures, WSP*

13.00 How UVC Protects Patients, Staff and Visitors, Reduces Waiting Times, Saves Money and Improves Sustainability Across All NHS Estates
Barry Paterson, *Chartered Engineer, Aaztec Mediduct*

13.30 Future-Ready Water Safety: Scalable Legionella & Water Quality Control Across New and Legacy Healthcare Estates
Alistair Cameron, *CEO, Scotmas Group*

15.00 Addressing AMR Through Built Environment Stewardship Across New and Existing NHS Estates
Michael Weinbren, *Consultant Microbiologist, Healthcare Infection Society*; **Rachelle McDade**, *Director of Healthcare Planning, Currie & Brown*; **James Gordon**, *Associate Director, P+HS Architects*

15.30 No Smoke Without Fire - CPD on Fire Dampers and Compliance
Matthew Woods, *Product Manager, Actionair by Swegon*

16.00 Designing in the Dark: The Information Gap Killing Retrofit Projects
Hun Pu, *Project Architect - Midland Lead, Medical Architecture*; **Joao Pinto**, *Associate Architect - Clinical Planning Lead, BDPP - Building Design Partnership*

Design & Construction

10.30 Designing for Neuro-inclusion
Shaz Hawkins, *Head of Marketing, Tarkett*

11.00 Calm Amongst the Trees: A Therapeutic PICU for Young People
Bob Wills, *Head of Marketing, Medical Architecture*

11.30 Designing for Neurodiversity
Tom Riley, *Director*; **Mark Carter**, *Principal, Ryder*

13.00 Redefining Healthcare in Oman: Patient-Centred Care for Women and Children
Paul Yeomans, *Director, Medical Architecture*

13.30 Designing for Wellbeing, Treatment, and Discovery: The Life and Mind Building as a New Model for Health Supporting Research Environments
Ingo Braun, *Design Director, NBBJ*

15.00 High Street Healing: Retrofitting Healthcare into Commercial Buildings
Amy Forrest, *Associate*; **Steven Cotton**, *Director, LSI Architects*

15.30 Art into Furniture, Information and Wayfinding: Yeovil Emergency Room
Martin Jones, *Director*; **Chloe Northover-Naylor**, *Designer, Art in Site*

16.00 Tackling Mental Health within the Acute Sector
Matthew Balaam, *Partner*; **Martin Gilbert**, *Associate, Oxford Architects*

free to attend for all attendees on both days

08.45 – 16.00 Exhibition Opening hours

...equipment and expertise to create high-quality, patient-centred environments.

09.15 – 10.30 KEYNOTE SESSION

Energy & Sustainability

- 10.30** Update on Net Zero Hospital Standard
Mary Aladegbola, *Senior Net Zero Technical Energy Lead, NHS England*
- 11.00** A Practical Approach to Applying the Net Zero Hospital Standard
James Chadwick, *Associate Estate and Facilities Director, Queen Elizabeth Hospital Kings Lynn*
- 11.30** New Hospital Energy Design Practice
Alison Ryan, *Deputy Healthcare Lead, Mott MacDonald*
- 13.00** Electric Boiler Technology
Spirax Sarco
- 13.30** Hull University Hospitals – Experience with Electric Steam Boilers
Marc Beaumont, *Head of Sustainability, Hull & East Yorkshire Hospitals*
- 15.00** Open “Bring Your Question for the CEF” Session
Open session managed by CEF

Engineering for Resilience

- 10.30** Improving Outcomes From The Start: Why Scoping Matters In Healthcare Project Delivery
Siobhan Pince, *Senior Project Manager, NHS Lewisham and Greenwich Trust*
- 11.00** Speaking the Same Language: Interactive Engagement in Designing for Neurodiversity
Marion Wibaux, *Senior Architect, Ryder Architecture*
- 11.30** Primary Care Network Estates: Lessons from SEL ICB
Tim Borrie, *Director of Estates, NHS South East London ICB*; **Dan Mason**, *Director, Pulse Consult*
- 13.00** Closing the Gap Through System-Based Design: Practical Strategies for a Unified NHS Estate
Richard Haworth, *Client Director - Healthcare*; **Jeremy Simons**, *Head of Sector Solutions, Saint Gobain*
- 13.30** One Disinfection Strategy, Two Healthcare Realities: Old and New Buildings
Hari Singh, *Business Development Manager, Goodwater Ltd*
- 15.00** Mind the Gap: Using AHU Retrofits to Bridge the Two-Tier Healthcare Estate
Michelle McAvoy, *Sales Manager, Aubren*
- 15.30** Ventilation Strategies for Community Diagnostic Centres. HTM Design Challenges and Practical Considerations
Matthew Allan, *Regional Sales Engineer, VES*

Water Safety & Infection Control

- 10.30** TBC
Carole Armstrong, *Delabie*
- 11.00** Water Safety Plans
Sophia Carter, *Managing Director, Aqua Protec*
- 11.30** Legionella Control in Healthcare
Matt Morse, *LCA Manager, LCA*
- 13.00** Future Proofing NHS Estates with PEOF Filtration
Scott Brannigan, *Head of Technical Standards, Hydrotec*
- 13.30** ClO₂ and Oxidising Biocides in Healthcare Water Systems: What Every Estates Team Should Know
Tom Warrender, *Business Development Manager, Scotmas*
- 15.00** Working Aseptically
Kris Rowland, *Head of Technical, Training & Compliance, Aqualytix*
- 15.30** TBC
Kevin Belben, *Plexus Innovation*

Smart Hospitals & Digital Innovation

- 10.30** Smart Estates: From Building Data to Better Outcomes
Jack Peters, *Digital Architect, NHS Property Services*
- 11.00** Monitor - Manage - Mitigate
Andrew Carnegie, *Managing Director, Air Sentry Ltd*
- 11.30** Integrated Insights: Empowering NHS Trusts with Evidence-Based Estate Masterplanning
Alice Green, *Associate Principal, Arcadis*; **Alan Gravatt**, *Senior Director Asset Optimisation, Arcadis*
- 13.00** How Technology Can Improve Building Information, Operational Safety & Efficiency
Callum Parsley, *Account Manager, Multivista*
- 13.30** Turning AI into Action: What We're Learning from Global Healthcare Deployments
David Evans, *Healthcare Segment Director, Schneider Electric*
- 15.00** From Legacy Systems to Smart Hospitals: Piloting a Minimum Viable Digital Twin Without Creating a Two-Tier Estate
Arun Sebastian, *Capital Programme Manager, Cambridge University Hospitals NHS Trust*
- 15.30** Smarter Hospital Logistics: Achieving up to 80% Space Savings with Automated Vertical Storage and Transport Solutions
Thomas Larsen, *Director, Hospital Logistics, Kardex*

Performance & Compliance

- 10.30** Quick Compliance: Pre-Fabricated Cleanrooms and the Future of Healthcare Facilities
Mark Wheeler, *Commercial Director, Guardtech Cleanrooms*
- 11.00** The Aintree Estates Jigsaw: How to Plan for HRB & RAAC
Victoria Rice, *Associate Principal Architect, Arcadis*; **Paul Gorge**, *Head of Major Capital Projects, NHS University Hospitals of Liverpool Group*; **Aissam Nehari**, *Associate Director, Arcadis*

Insight you can put to work

Free for all attendees, the Exhibition Seminar Programme delivers profession-focused insight from people tackling today's estates challenges in practice. Across energy, water safety, compliance, resilience, smart hospitals and design, gain case-study learning, technical updates and expert perspectives that help you:

- Hear what is working across the sector
- Test your thinking against current practice
- Benchmark and strengthen your approach
- Take away ideas that support safer, smarter and more future-ready healthcare estates

Your CPD

Content designed to give you the knowledge and skills to maintain and enhance your professional growth.

Book Your Place Today
