The Institute of Healthcare Engineering and Estate Management

Introduction

IHEEM is an international professional engineering institute and is the UK's largest specialist Institute for the Healthcare Estates Sector.

IHEEM is a membership organisation and offers a variety of membership packages for individuals and affiliates such as NHS Trusts, Universities and Companies working within the sector.

As a professional development organisation, IHEEM helps to keep members up to date with developing technology and changing regulations.

IHEEM is licensed by the Engineering Council to register engineers as EngTech, IEng and CEng.

The Institute is also at the forefront of informing and implementing government policy such as the Lord Carter Productivity and Efficiency Programme and Health Technical Memorandums (HTMs).

IHEEM delivers a range of CPD accredited technical seminars and conferences providing the opportunity for attendees to broaden their knowledge, upskill, debate key issues and share best practice.

IHEEM maintains 'Registers of Authorising Engineers' for the following disciplines: Decontamination, Electrical, Medical Gases and Water.

The IHEEM Technical Platforms provide technical expertise and guidance for members, industry professionals and stakeholders. They also help to inform, shape and implement government guidelines and policies and provide technical guidance and subject matter for the IHEEM CPD programme.

IHEEM has a network of 12 regional branches in the UK, and 2 overseas in the Republic of Ireland and Hong Kong and was a founding member of the International Federation of Hospital Engineering (IFHE) developing partnerships across the world.

Lord Carter of Coles is the Honorary Patron of the Institute, building upon the close partnership with the Department of Health.

IHEEM's Health Estate Journal (HEJ) is the leading expert voice for the healthcare estates sector.

How IHEEM Membership can benefit you and your organisation

Who can join?

- Employees from public and private sector healthcare providers
- Engineering and consultancy firms
- Individuals and organisations

CPD Seminars and Events

The IHEEM events programme offers a great opportunity for you to further broaden your knowledge, upskill, network and also challenge your understanding of the subject matter.

They are a key part of your Continuing Professional Development (CPD) and offers a platform for you to debate key themes and share best practice with your peers.

Our events are open for both IHEEM members (who receive a discounted delegate rate) and non-members.

Topics covered include: Water HTM04, Decontamination, Electrical Systems, Lord Carter Productivity and Efficiency Programme, Building Information Modelling (BIM), Fire Safety, Medical Gases, Ventilation, Waste Management

In addition to the range of seminars organised by IHEEM, the regional branches also host events throughout the year on a range of subjects.

Key benefits of attending

- Discounted rates for IHEEM Members
- Super early bird and early bird rates available
- Various locations throughout UK
- Receive valuable CPD credits
- Develop your skills and understanding
- Networking opportunities
- Exhibition opportunities
- Open forums for discussions
- Expert speakers from across the sector
- Share best practice
- Delegate packs
