

# IHEEM

## AE Conference 2019

**20 MARCH 2019: BIRMINGHAM**

**Official Event Sponsor**

PPL Training is an industry-leading UK and International provider of Safe Systems of Work, Technical, Legionella and Compliance training. Combined, we have an extensive portfolio of over 100 accredited courses.

Since 2011, we have been delivering courses to over 90 NHS trusts and a wide range of public sector industries, private businesses, institutions and the healthcare estates. These courses are specifically designed to meet the key competency requirements of Health Technical Memorandums. Our team is comprised of highly-experienced Authorising Engineers, Authorised, Competent and Responsible Persons, allowing us to develop in-house courses that are tailor-made for those working with Electrical High and Low Voltage, Mechanical & Pressure and Ventilation systems.

We also deliver thorough Confined Space, Petroleum, Mechanical & Electrical Conversion and Legionella control and prevention courses. These are widely accredited by City & Guilds and can also be delivered on a bespoke basis. Further to this we offer City & Guilds-qualified courses, including: 18th Edition Wiring Regulations, Inspection and Testing, Portable Appliance Testing and F-Gas.

We operate training from our well-established, ideally situated training centres in York and Slough. In addition to training, we also offer comprehensive engineering services on a consultancy basis.
